

RATING FORMING PART OF AN ENGINE ROOM WATCH

Fact Sheet

Course Overview

The Rating Forming Part of an Engine Room Watch course equips trainees with vital skills for effective engine room operations. Participants learn about machinery maintenance, safety procedures, and watchkeeping responsibilities, preparing them to support engine room personnel and enhance overall vessel efficiency and safety during their watch duties.

client site training, depending on your personal preferences

learn from an expert trainer with years of experience

Budget Friendly learning

Who should enroll to this course?

The Rating Forming Part of an Engine Room Watch course is designed for aspiring marine engineering personnel, including engine room ratings, cadets, and trainees seeking to work in engine room operations.

It is ideal for those looking to develop practical skills and knowledge essential for supporting engine room activities effectively.

G- 5, Platform Level, Tower-3,
Belapur Railway Station
Complex, Sector-11, C.B.D.
Belapur, Navi Mumbai-400614.

What does this course Covers?

- Introduction to Engine Room Operations: Layout and organization of the engine room, Familiarization with main and auxiliary machinery, Role and responsibilities of engine room personnel
- Watchkeeping Procedures: Duties of a rating during engine room watch, Communication with the engineering team and bridge, Record keeping and reporting during watch
- Machinery and Systems: Basic working of propulsion and auxiliary machinery, Operation and maintenance of pumps, compressors, purifiers, and heat exchangers, Understanding fuel, lubricating oil, and cooling systems
- Electrical and Control Systems: Basics of electrical safety and power distribution, Understanding automation and alarm systems in engine control room
- Maintenance and Housekeeping: Routine maintenance tasks such as cleaning, lubrication, and inspections; Safe use of hand tools and maintenance equipment; Importance of good housekeeping practices
- Safety and Environmental Protection: Use of personal protective equipment (PPE); Fire prevention and firefighting in the engine room; Pollution prevention measures under MARPOL (oil, bilge, sewage handling)

- Course Code - 135
- Duration - 3 Days
- Knowledge level - Beginner
- Category - Port and Marine
- Offline/ Client Site

What does this course Covers?

- **Emergency Procedures:** Responding to machinery failures, leaks, and alarms, Procedures during blackout, flooding, and fire emergencies; Communication and teamwork during emergencies
- **Human Element and Teamwork:** Working effectively under supervision, Following instructions and maintaining situational awareness, Importance of discipline and safe behavior at sea

Ready to get started?

Kickstart your maritime engineering career by enrolling in the Rating Forming Part of an Engine Room Watch course today! Gain essential skills and knowledge for effective engine room operations—secure your spot now and take the first step toward becoming a vital asset on board.

About Us

Elite Offshore Pvt Ltd, established in 2015, is a leading provider of Offshore, Marine and Industrial Safety and Skill training and certification programs. With a commitment to safety, compliance, and excellence, we empower professionals worldwide with the knowledge and skills they need for success in their careers.

Ecademy was established in 2021, serves as our specialized division, providing customized E-Learning solutions designed to meet the specific needs of the industry. Through Ecademy, we offer the IADC-Accredited RigPass Online Course, alongside other valuable E-Learning programs like IMDG Code Courses, Basic First Aid, and more.
